

# UNDERGROUND BORERS

Pneuvibe Underground Borers provide an efficient and cost effective alternative to open cut excavation. Equipped with two alternative head styles, and available in both long and short versions, our borers are Australian made and suitable for a variety of projects.

	DIAMETER (mm)	LENGTH (mm)	WEIGHT (kg)	AIR REQUIRED		OPERATING PRESSURE (BAR)
				(cfm)	(l/s)	
PVH45	45	990	8	18	8.5	7-8
PVH54	54	1295	17	25	11.5	
PVH54S Short	54	1000	12	23	10.8	
PVH65	65	1175	20	34	16	
PVH76	76	1415	34	48	22.5	
PVH76S Short	76	1230	26	48	22.5	
PVH100	101	1740	73	75	35.5	
PVH130 LW	130	1740	84	75	35.5	

*18-75 CFM compressor output required*
